Subject: RE: OECA Weekly for Warm Springs 1414 Order this week

Dino – here is a modified OECA entry, for the SDWA 1414 Order for Warm Spring signed yesterday. Adam is out on leave until next Wed, so I'm forwarding this in his absence.

Region 10 Signed SDWA 1414 Administrative Order on Consent with the Confederated Tribes of Warm Springs (Warm Springs Reservation, OR)

On June 5, 2019, R10 signed a SDWA 1414 Administrative Order on Consent with the Warm Springs Tribe for the system to address other noncompliance related to significant deficiencies. Previously, on May 23, 2019, Region 10 issued an SDWA 1431 Emergency Administrative Order to the Confederated Tribes of Warm Springs to take certain actions at their surface water public water system (PWS# 104101247) to abate substantial and imminent threats that potentially threaten the health of the system's nearly 4,000 users. R10 leadership consulted with the Tribe in person on May 20, 2019 on the substance of the Order. The system struggles to both make and safely deliver clean water due to aging infrastructure leading to inadequate treatment and water main breaks in the distribution system. R10's goal is to have both Order in place in advance of a funding summit with other federal partners and the state of Oregon, slated for June 12, 2019, to ensure drinking water system upgrades are prioritized for this funding. Contacts: Clarke Thurmon, (206) 553-2585; Adam Baron, (206) 553-6361.

Thanks,

Peter

Region 10 Issued SDWA 1431 Emergency Administrative Order to the Confederated Tribes of Warm Springs (Warm Springs Reservation, OR)

On May 23, 2019, Region 10 issued an SDWA 1431 Emergency Administrative Order to the Confederated Tribes of Warm Springs to take certain actions at their surface water public water system (PWS# 104101247) to abate substantial and imminent threats that potentially threaten the health of the system's nearly 4,000 users. R10 leadership consulted with the Tribe in person on May 20, 2019 on the substance of the Order. The system struggles to both make and safely deliver clean water due to aging infrastructure leading to inadequate treatment and water main breaks in the distribution system. R10 plans to also issue a SDWA 1414 Administrative Order for the system to address other noncompliance related to significant deficiencies. R10's goal is to have both Order in place in advance of a funding summit with other federal partners and the state of Oregon, slated for June 12, 2019, to ensure drinking water system upgrades are prioritized for this funding. Contacts: Clarke Thurmon, (206) 553-2585; Adam Baron, (206) 553-6361.
